Well, the 1994 yearbook has finally come out, and that is quite an accomplishment considering that there was a time when no one was sure what was going on. For all of you who are wondering why it took so long, the answer is simple, we were always short staffed. The people who actually did the work did it in shifts, so to speak. When we took over the book last year, we were faced with the challenge of combining all the different completed parts and putting them into a book that made sense. Many times it was very frustrating and we could not figure out what was done or where it was. But after many nights and weekends of hard work, we pulled everything together and you are now holding the finished product. We realize that there may be some mistakes, and we apologize for any omissions.

We would like to take this time to thank all those who contributed to the making of this book. While this book is long overdue, a lot of hard work was put into its completion. The first person we would like to thank is our advisor, Tammy Millette, who, without her help this book would probably have never come out. We would also like to thank Jesse Engle, who, in the last year, has worked with us to get the book out and Steve DeSimone, who started the book. Chris Felton was very important to the making of this book as he took the majority of the pictures. John Neister, our Jostens Representative, for his incredible patience, tremendous support and computer expertise. Other people who contributed to the book were Erin Jansen and Kelly Duggan who took pictures; Allison Lyons, Kim Miller, and Janice Coppi who helped with the layouts; and Michelle Ross, who did all of the text. Finally, we would like to thank Mary Connelly and Norm Benrimo for their advice and support.

SHEIK OMAR ABDEL-RAHMAN was the accused leader of a group of terrorists that exploded a bomb in the World Trade Center. More than 1,000 were injured and 6 died. The 55-year-old Egyptian sheik had been linked to dozens of terrorist plots around the country, including plots to bomb other New

York City buildings, the United Nations and Lincoln and Holland tunnels.

MOHAMED FARRAH AIDID, the feared warlord in the devastated country of Somalia, eluded United Nations military forces for months. A U.S.-led multinational force arrived in the war-torn country last year to help feed starvation population and bring peace to country that was run by warlords. Aidid was considered the most powerful of the warlords and was blamed for numerous attacks on the military. The power struggle in Somalia left tens of thousands dead and allowed the county to be carved into a collection of clan fiefdoms in the absence of a central government. More than 350,000 Somalis died from the fighting and famine.

The AIDS virus continues to spread. The Centers for Disease Control and Prevention estimate there will be 40,000 to 80,000 new HIV infections in the United States this year. President Clinton appointed Kristine Gebbie as his AIDS policy coordinator, also called the AIDS czar, to oversee government AIDS programs.

YASSER ARAFAT made history in September when he signed a peace treaty with Israel. The 64-year-old leader of the Palestine Liberation Organization once told a reporter: "I am a freedom fighter. I am sure this is the way that history will remember me." But Arafat is also a politician, going out of his way to kiss babies, shake hands, work the crowds — always showing that he was something more than a guerrilla fighter with a three-day beard.

The people of Haiti anxiously awaited the return of their elected president, the **REV. JEAN-BERTRAND ARISTIDE**. After two years of exile that followed an army coup that

overthrew him, President Aristide was set to return home.

Aristide, a Roman Catholic priest, was elected in a landslide in the country's first democratic vote. His return followed two years of negotiating a settlement of Haiti's political crisis.

In September the **BOSNIA** parliament rejected an international peace plan for that devastated republic. The move, postponed a settlement that would have ended the 18-month-old

war that has partitioned the country into three ethnic states for Croats, Muslims and Serbs. The United Nations has sent a peace-keeping force to the former Yugoslavia to help keep peace among the three warring factions. Tens of thousands of people have been killed in the conflict and more than a million have been left homeless.

7 Prime Minister **KIM CAMPBELL** is the first woman to lead Canada. She succeeded Brian Mulroney after being

chosen at a Progressive Conservative convention in June. Campbell is a 46-year-old former Vancouver lawyer and relative newcomer to federal politics. After a summer of image building that raised her standing in the polls, Campbell called for a general election before the end of the year.

WARREN CHRISTOPHER was picked by President Clinton to be his Secretary of State. Schooled in diplomacy in the Carter administration, Christopher is always in the spotlight — in the Middle East, helping to keep the peace; negotiating aid for Boris Yeltsin's Russian reform effort; or searching for answers to the Bosnian bloodshed.

First Lady **HILLARY RODHAM CLINTON** chaired the White House task force that devised the health security plan. The proposal calls for employers to pay 80 percent of their workers' average health-care premiums and workers would pay the rest. Small businesses and low-wage workers would get subsidies to help them pay their share. The plan would cost the federal government an extra \$350 billion over five years, and Clinton hopes to get most of that money from holding down spending on Medicaid and Medicare, boosting cigarette taxes by

about 80-cents a pack and imposing a special levy on corporations that set up their own health plans.

Republican minority leader **BOB DOLE** of Kansas spells big trouble in the Senate

for President Clinton. He presents a formidable opponent for any plan backed by the Democratic President, as witnessed with his big victory in sinking Clinton's \$12 billion jobs bill. And what of Dole's plans for his own presidential run? Dole will be 73 years-old when the next presidential election rolls around, and he has made the usual disclaimers about it being too early to think about such things.

BILL CLINTON became the 42nd president of the United States in 1993. The former governor from Arkansas struggled through is from few months in the White House, suffering a defeat for a jobs bill and delays in his health care reform efforts. But by September, the 47-year-old president was a seasoned veteran. His tax reform bill passed, the health care package was being fine-tuned and there was peace in the Mideast.

DURAN DURAN came back. The hitmakers and video icons of the 1980s came back with a hot self-titled album. The British band was formed in 1980, then split-up about five years later and regrouped the following year. "Duran Duran" was also the name of their first record, which came out in 1981. The quintet's latest "Duran Duran" is a big hit. And so is the single from that album, "Ordinary World," which hit the top ten.

EXPOSE has been a favorite group for a long time. Their latest hit single "I'll Never Get Over You (Getting Over Me)" was an instant success. It hit the best-selling charts and stayed there for months and months.

Praised by President Clinton as a "brilliant investigator, a tough prosecutor, a born leader," **LOUIS FREEH**, 43, was sworn in as the head of the Federal Bureau of Investigation. Freeh, who gave up a lifetime federal judgeship to take the job, was a

FLOODS hit the Midwest in late spring and early summer — thousands of farms and homes were lost, fields were swamped and towns were submerged. The states that got hit the hardest were Iowa, Illinois and Missouri, causing billions of dollars worth of damage. As the waters began to recede, barges began moving along the Mississippi River and people began digging out their mud-filled homes. President Clinton signed a \$5.7 million aid package to help the victims.

popular choice within the bureau, thanks to his six years as an agent.

RUTH BADER GINSBURG became the second female Supreme Court Justice. She joins Sandra Day O'Connor, a justice since 1981. Ginsburg, 60, is the 107th high court justice. She had won several landmark Supreme Court cases as a lawyer for the American Civil Liberties Union Women's Rights Project in the 1970s.

AL GORE, whose roots run as deep in Washington as in his native Tennessee, became the nation's 45th vice president, bringing an insider's expertise to the Clinton White House. He brought to the job and expertise in environmental and technology issues. With his 16-year congressional career behind him, Gore provided a strong portfolio in foreign policy and arms control.

Bosnian President **ALIJA IZETBEGOVIC** says he is disillusioned about the world's willingness to take action to end bloodshed in his country. Bosnia Serbs have been fighting for their own state.

Dr. Dre is the chief architect of what is known as West Coast gangsta rap. He has produced million-selling albums, most recently "The Chronic." According to one critic: "The Dre sound is clean but edgy, deeply funky, featuring slow, big-bottomed, slightly dirty beats and powered by guitar and bass work that is the best."

Enemies to the death for three decades, Israel and the Palestine Liberation Organization opened a new era in their blood-soaked history by recognizing each other's legitimacy. Prime Minister Yitzhak Rabin and the P.L.O. chairman, Yasser Arafat, signed a treaty at the White House. **THE MIDEAST ACCORD** was the

product of months of secret negotiations conducted mainly in Norway. The accord sanctioned the creation of an autonomous Palestinian homeland in the Gaza Strip and Jericho.

The rap group **Onyx** hit the charts with a bang this year their latest album "Bacdafucup." Not long after that, their hot single "Slam" hit the top-selling charts and remained a best seller for several months.

JANET JACKSON's new album "janet" introduces a bold new singer.

Her new album clocks in at more than 75 minutes and doesn't leave out much — pop, rap, rock, jazz, ballads, opera, a thunderstorm and goofy dialogue. One critic said: "This album contains some of the finest work by this modern hitmaker, and more than a few moments that are downright silly and boring."

Michael Jackson's popularity keeps rolling along. The 35-year-old entertainer makes news anywhere he goes. He's on the album charts with his latest release "Dangerous." On the 'top-music-video' charts, there was "Moonwalker" and "Michael Jackson: Legend Continues."

DAVID LETTERMAN, left his niche at NBC and moved over to Broadway and 52nd St. to the newly refurbished Ed Sullivan Theater that CBS renovated for him. He changed networks for a reported \$15 million contract.

Lumberjacks clashed with environmentalists in the Northwest part of the country over the fate of some of the nation's oldest forests. President Clinton tried to bring the two sides together to agree on the future of the region's old-growth forests, which have provided both timber for the **LOGGING INDUSTRY** and homes to the threatened spotted owl and other species.

NIRVANA, Seattle's sainted grunge trio, released a new album in September. "In Utero"

got great reviews.

In it, the group resumed

the punk tirades introduced on its debut album "Bleach" and continued in the 1991 release "Nevermind," which was an instant classic. It sold 4 million copies and spawned a Seattle slew of grunge-meisters resumed the punk tirades.

PEARL JAM, the purveyor of grunge, swept the 10th annual Video Music Awards with four awards for "Jeremy." The group's first release, "Ten," hit the charts and went triple platinum. One critic said: "Singer Eddie Vedder has a stage presence not seen since The Doors' Jim Morrison. His low, powerful vocals and the band's snarling, two-guitar attack is the essential Seattle sound."

The-PLO and Israel, in a historic breakthrough after decades of warfare, agreed to officially recognize each other. One of the prime architect of that agreement was Israel's foreign minister, **SIMON PERES**.

ROSS PEROT, the Texas computer tycoon and erstwhile presidential candidate, keeps his public image alive after he lost his presidential bid. Perot won 19 percent of the vote in the 1992 presidential election in a historic independent presidential candidacy. He has repeatedly said he has no plans to run again in 1996, but the multimillionaire keeps an extensive travel schedule.

Helping to keep the environment clean became an important goal and a corporate mandate for many companies. Johnson & Johnson, McDonald's Corp. and leading users of paper-based products took an unprecedented environmental initiative and joined together to boost their use of **RECYCLED PAPER**.

Pope John Paul II

visited the United States for the third time since becoming pope 15 years ago. The 73-year-old pontiff attended World Youth Day, a week-long pilgrimage that brought nearly 200,000 youths from around the world to Denver. President Clinton and Vice President Gore traveled to Colorado to meet with the pope.

The 1991 release by the **SPIN DOCTORS** entitled "Pocket Full of Kryptonite" simmered as a cult hit for almost a year before taking off toward multi-platinum status. Guitarist Aaron Comess, who studied at New York's New School, formed the band with classmates. He performs his soulful talking blues and rhythmic cords with unwavering skill.

SUPER BOWL 1994

"It's About Time" is an aptly named title for **SWV's** debut album. It was only a matter of time before a crew of young females, with real singing talent and street appeal arrived on the musical scene. Coko, Taj and Lelee — Sisters With Voices — have been drawing attention with their singing abilities since childhood. Their debut album is a fresh collection of urban street beats, soulfully oldstyle ballads and rap.

Soul Asylum's eighth album "Grave Dancers Union" reached gold status and the three videos from it are in frequent rotation on MTV. After nine years, the group from Minneapolis finally found success. The album was created with an emphasis on songs rather than volume. They realized that they couldn't play punk forever.

When **TINA TURNER** performs, it's one part aerobics workout, one part revival meeting and one part track meet. Her dance routines are a combination of shimmy shake, ballet and jerk. And her voice is a combination of defiance and outrage.

Dwayne and Raphael Wiggins and cousin Timothy Christian Riley are **TONY! TONI! TONE!**. Their most recent third album "Sons of Soul" is a follow-up to the 1990 R&B hit record "The Revival." Rolling Stone magazine said: "The album blends old values with new,

sometimes with sheer funk force, others with frisky fun." The group has been together since they were kids in Oakland, Calif.

Russian President **BORIS YELTSIN** dissolved parliament in an unprecedented move in late September and announced new elections in a bold move to end his long-running feud with hard-liners. In a televised speech that stunned the country, Yeltsin said he was dismissing the legislature to pull the country out of its political and economic crisis. Parliament has "lost the right to remain at the key levers of state power," he said. Riots broke out several days later and Yeltsin called in the army to restore peace.
